

Delivering the WOW

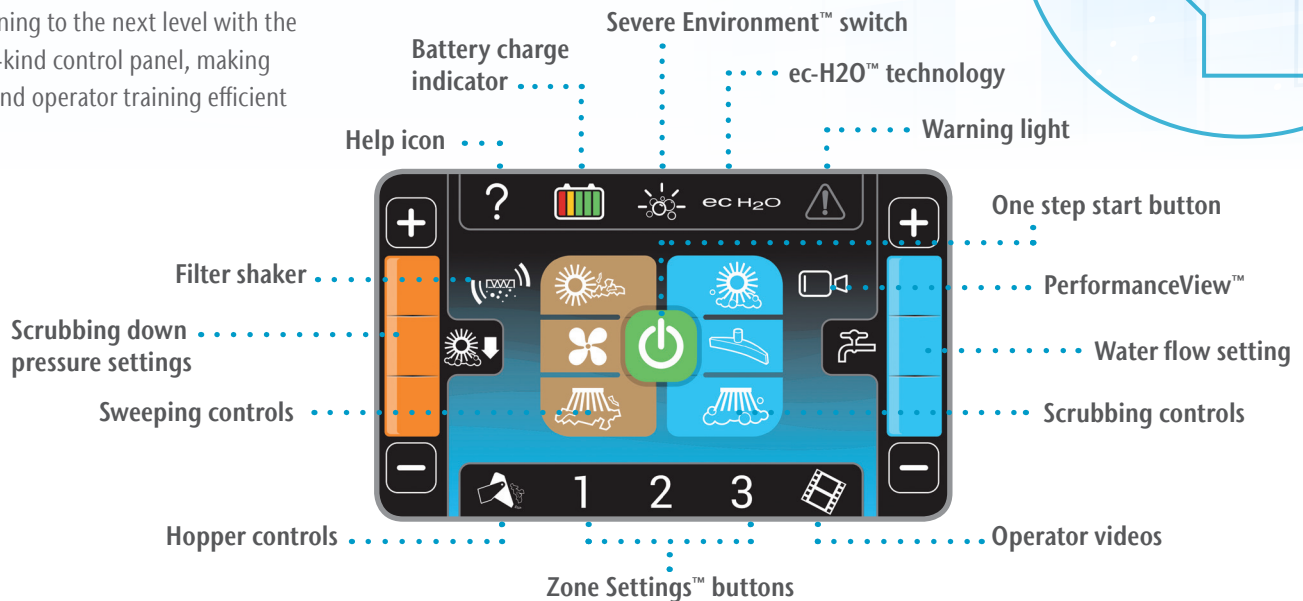

Machines with Pro-Panel™*

Tennant machines with Pro-Panel technology

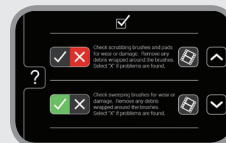

redefine the user experience. Pro-Panel technology integrates multiple controls into an intuitive, high-visibility touch screen interface.

Pro-Panel Touch Screen

Takes cleaning to the next level with the first-of-its-kind control panel, making cleaning and operator training efficient and easy.

PerformanceView™ – Provides operators an instant view of their cleaning path right from the driver's seat

Pro-Check™ Checklists – Ensure successful starts with downloadable pre-operation checklists

Zone Settings™ – Allow supervisors to pre-configure the machine to clean individualized building areas

Multiple Languages – 28 different language options help increase machine ease-of-use

Pro-ID™ – Gives the supervisor the ability to program the machine to the skill level of the operator and helps prevent unauthorized use

On-board, On-demand Videos – Make operator training and machine maintenance easy

Delivering high performance, consistent results for virtually any hard surface while lowering cleaning costs.
