STOP BRACKET KIT

This kit is intended for machines manufactured before serial number: XXXXXX -10160063 DC1003. It is designed to prevent solution hose damage when tilting machine back on rear wheels.

INSTALLATION INSTRUCTIONS:

(Installation Time: 1/2 Hour)

TOOLS REQUIRED: 1/2" & 13mm Wrench.

BEFORE INSTALLING KIT: Drain all water from machine, remove batteries, and with adequate assistance carefully turn machine on it's side.

FOR SAFETY: When servicing machine, wear protective gloves and safety glasses when handling batteries or battery cables. Avoid contact with battery acid.
