

PARTS MANUAL CHANGE

Manual No.:
601234 Rev. 00 (01-96)
601246 Rev. 00 (01-96)

This manual change updates your current Speedscrub parts list manual to the present squeegee parts configuration. Please keep this sheet with your current parts manual. Use this update when ordering replacement squeegee blades for the following models:

PRODUCT(S) AFFECTED:	SpeedScrub Models (1701, 2001, 2400, 2701, 3301)
SUBJECT:	New Molded Forward/Reverse Squeegee Blades
PURPOSE:	New style Squeegee Blade replacement is made easier and squeegee blade alignment is less critical when replacing blades.
NOTES:	The old style squeegee blades (notched blade, blade spacer and wiping blade) will be discontinued. The new blades are interchangeable with the current squeegee assembly. Speedscrub Models: SS1701, SS2001 & 2001DW – Effective Date: 23-7-96 Speedscrub Models: SS2400, SS2701 & SS3301 – Effective Date: 1-12-96 Use list below for ordering replacement squeegee blades.
