

# SCRUBBER

## TECHNICAL SERVICE BULLETIN

DATE: 910137

TITLE:  
DRIVE WHEEL ASSEMBLY

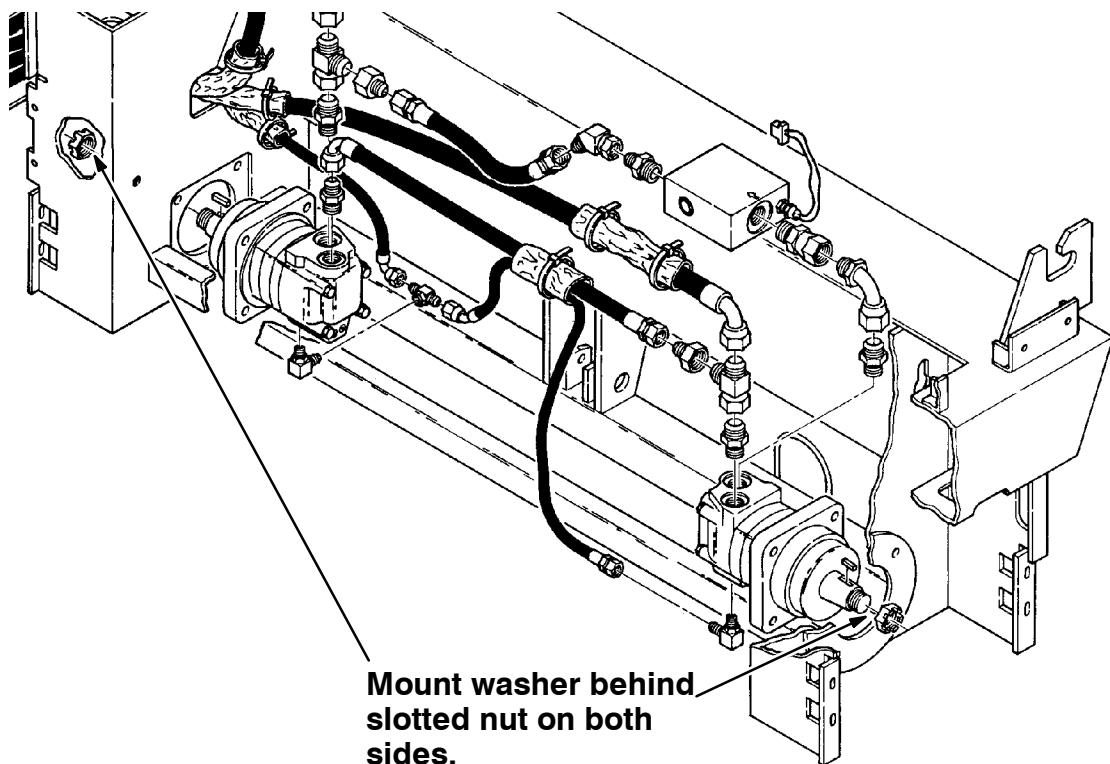

APPLICABLE MACHINES:  
528

---

**SYNOPSIS:**  
Adding a washer to protect the wheel hub and drive motor shaft.

---

Machines, serial number 30279 and below, need a flat washer, TENNANT part number 32598, added behind the slotted nut on the drive motor shaft. Without the washer, the slotted nut could turn-out and damage the wheel hub and/or motor shaft.

REAR WHEEL DRIVE MOTORS
