

# UltraShine®

## dust control burnisher specifications

Motor volts	120 Volt
Motor amps	15 Amp
Motor hp/ kW	1.5 HP / 1.12 kW
Motor type	Direct drive, permanent magnet DC, circuit breaker protected
Pad diameter	20 in / 510 mm
Pad speed burnishing	2000 rpm @ full load (15 amps)
Pad driver description	Flexible disk with centering lock, free floating motor, accommodates uneven floors
<b>Debris Recovery System</b>	
Dust control system	Built-in dust collection system
Filter description	Cloth filter bag (standard), filters w/99.9% efficiency at 0.3 micron
<b>Power System</b>	
Power cord length	75 ft / 23 m
Power cord type	14 gauge, 3-wire, ST – Safety Yellow cord
<b>Dimensions / Weight / Sound Level</b>	
Length	31.5 in / 800 mm
Width	22.5 in / 570 mm
Height	47 in / 1190 mm
Net weight	92 lb / 42 kg
Sound level	66 dBA
<b>Warranty</b>	
3 years/2500 hrs on parts and labor. 10 years on rotationally-molded polyethylene parts.
