

HOW SMART IS YOUR CARPET EXTRACTOR?

*Tennant **automatic** extractors
are a **smart** solution for carpet care.*

No levers to lift • Less buttons to push

Who knew cleaning carpet could be so easy? With the automated systems on the new models 1510 and 1530 extractors, they practically think for themselves. Just push one button, twist the grips and cleaning starts. It's all **pre-set**. Plus, our extractors are built with the same reliability and performance you expect from Tennant.

Battery and cord-electric versions available.

See the 1510/1530 on the web at
