

# Indoor/Outdoor Push Sweeper

## Quick-and-easy worry-free sweeping.

This manual unit effectively sweeps a variety of surfaces such as concrete, tile, wood, brick, asphalt and carpet. Ideal for parking lots, manufacturing facilities and for noise sensitive environments inside buildings; it features a wide sweeping path, no-battery-operation and can fit through standard doorways.

### Large, long-life hopper

The large hopper efficiently collects dirt and debris, and is constructed of high density polyethylene to resist dents and cracks.

### Easy-to-maintain brushes

Main and side brushes can be adjusted without tools for different cleaning surfaces and longer bristle wear.

## Key Benefits

- Easily sweeps light litter as well as small debris like cigarettes and loose soil
- Clean hard-to-reach spaces like curbs, corners, and crevices with the handy side broom
- Convenient hopper-grip handle for easy removal, carrying and emptying
