## IMPROVE CLEANLINESS AND SAFETY IN SMALL SPACES

### MAXIMUM PRODUCTIVITY

Dual side brushes increase the sweeping path to 870 mm, and a large 50 L hopper saves your operator trips to the bin, allowing for more time cleaning.

### VERSATILE ANYWHERE, ANYTIME CLEANING

The S3's flexible design is well suited for indoor and outdoor cleaning. Manual operation makes it the perfect option for noise sensitive environments. TwinMax™ technology also allows for the sweeping of multiple indoor and outdoor surfaces without the need to change brushes.

### SUPERIOR CLEANING PERFORMANCE

Increase productivity with simple, no-tool side brush adjustments and easy-to-use operation for less time training and more time cleaning. The S3's contoured handle is also padded for optimal comfort.
