

TENNANT *TRUE*® CLEANING SOLUTIONS

Advanced solutions from Tennant Company.
The cleaning results you need.
The sustainable qualities you want.

For great results every time, use the cleaning solutions designed for use with Tennant equipment

- Will not harm gaskets, seals, vacuum fans or other critical components
- Optimized for Tennant® and Nobles® auto-scrubbers
- Low foam and residue detergents deliver high-performance results

Performance that supports environmental goals

- Tennant *True* cleaning solutions use biodegradable surfactants
- Recyclable packaging

Choose the right Tennant True[®] cleaning solution for your application

Use this chart to determine the correct Tennant True cleaning solution for your floor type and use. All Tennant True cleaning solutions are suitable for use in Tennant[®] and Nobles[®] walk behind and rider auto-scrubbers.

APPLICATION	BARE CONCRETE	SEALED CONCRETE	DECORATIVE FLOOR COATINGS	TILE AND TERRAZZO
Light soils and routine cleaning in high-traffic public spaces				
Medium soils and cleaning in light manufacturing and heavy-duty commercial environments				
Heavy soils in manufacturing and industrial environments				
Aggressive cleaning in manufacturing and industrial environments including areas with metal shavings and for mark removal				
Extremely aggressive cleaning in heavy manufacturing and industrial facilities				
Heavy duty cleaning including cleaning petroleum and grease				

Neutral pH Daily Cleaner
Part Number: 9015248

- Dilution: ¼-½ oz per gallon of cold water
- Light to medium cleaning on all floor types
- Applications: hospitals, schools, retail and light distribution facilities
- Low residue

pH: 7-8

General Purpose Cleaner
Part Number: 9015246

- Dilution: ½ oz (light cleaning) - 2 oz (heavy cleaning) per gallon of cold water
- Medium duty cleaning in light manufacturing and heavy commercial environments
- Use on most floor types (excluding terrazzo and tile)
- Low residue

pH: 10-11

Neutral pH Solvent Degreaser
Part Number: 9015247

- Dilution: 1 oz (light cleaning) - 4 oz (heavy cleaning) per gallon of water
- Aggressive cleaning applications in manufacturing and industrial environments
- Appropriate for use in areas with metal shavings and for mark removal

pH: 7-8

Super Strength Solvent Degreaser
Part Number: 9015250

- Dilution: 1-3 oz (light cleaning) or 4-8 oz (heavy cleaning) per gallon of water; up to 15 ounces per gallon of water for severe cleaning
- Extremely aggressive cleaning applications in heavy industrial and manufacturing environments
- Appropriate for tire mark removal

pH: 7-8

High Alkaline Degreaser
Part Number: 9015249

- Dilution 1 oz (light cleaning) - 4 oz (heavy cleaning) per gallon of water
- Heavy-duty cleaning, including cleaning of petroleum and grease, in manufacturing environments

pH: 12.5-13.5
