Service plans designed to help you protect your investment

# Tennant Pre-Owned Machines

---

With the purchase of a Tennant RECON machine, you can bring the cleaning power of a scrubber, floor sweeper, mechanized mop, or other equipment to your facility for up to 60% less than the price of the brand-new machine.

## Options For All Customers

We offer three tiers of pre-owned equipment to cater to customers with different budgets and needs.

- Certified Pre-Owned Equipment
- Used Equipment
- As-Is Equipment

BEFORE → AFTER

## Rental Equipment

---

With supply chain restraints on current equipment lead times, renting equipment could be a great solution to fit your immediate needs. Rental companies will deliver Tennant equipment to your job site and train your operators on machine use and care.
